Cognitive Science News

May 5–10, 1991, Tyngsboro, MA

NEURAL NETWORKS:
FROM FOUNDATIONS TO APPLICATIONS

This self-contained 5-day course is sponsored by the Boston University Wang Institute, Center for Adaptive Systems, and Graduate Program in Cognitive and Neural Systems. It refines and updates the successful course held at the Wang Institute in May, 1990. The course provides a systematic interdisciplinary introduction to the biology, computation, mathematics, and technology of neural networks. Boston University tutors are Stephen Grossberg, Gail Carpenter, Ennio Mingolla, Michael Cohen, Dan Bullock, and John Merrill. Guest tutors are Federico Faggin; Robert Hecht-Nielsen; Michael Jordan; Andy Barto; Alex Waibel. The Wang Institute lies on a 220 acre campus with excellent conference and dining facilities, easily reached from Boston's Logan Airport. Registration fee: $985 (professional) and $275 (students). Fee includes lectures, course notebooks, receptions, meals, coffee service, and evening discussion sessions. To register by phone, call (508) 649-9731 with VISA or MasterCard between 9 a.m.–5 p.m. (EST). For a course brochure, call as above or write: Neural Networks, Wang Institute of Boston University, 72 Tyng Road, Tyngsboro, MA 01879.

May 10–12, 1991, Tyngsboro, MA

NEURAL NETWORKS FOR VISION AND IMAGE PROCESSING

This research conference will present invited lectures and contributed posters ranging from visual neurobiology and psychophysics through computational modelling to technological applications. The conference is sponsored by the Boston University Wang Institute, Center for Adaptive Systems, and Graduate Program in Cognitive and Neural Systems with partial support from AFOSR. Invited speakers include: J. Beck, G.A. Carpenter, D. Casasent, J. Daugman, R. Desimone, S. Grossberg, R. Hecht-Nielsen, R. Linsker, E. Mingolla, A. Pentland, V.S. Ramachandran, E. Schwartz, G. Sperling,
J. Todd, and A. Waxman. A featured Poster Session will be held on May 11. To present a poster, submit 3 copies of an abstract (1 single-spaced page), postmarked by March 1, 1991, for refereeing. Include with the abstract the author's name, address, and telephone number. Mail to VIP Poster Session, Neural Networks Conference, Wang Institute of Boston University, 72 Tyng Road, Tyngsboro, MA 08179. Authors will be informed of abstract acceptance by March 31, 1991. Registration fee: $95 (professionals) and $75 (student). Fee includes lectures and poster session, reception, meals, and coffee services. To register by phone, call (508) 649-9731 with VISA or MasterCard between 9 a.m.-5 p.m. (EST). For a meeting brochure, call as above or write: Neural Networks, Wang Institute of Boston University, 72 Tyng Road, Tyngsboro, MA 01879.

CALL FOR PAPERS

The Society for Philosophy and Psychology is calling for contributed papers and symposium proposals for its 17th Annual Meeting to be held June 9-11, 1991 at the San Francisco State University, San Francisco, California

Contributed papers are refereed and selected on the basis of quality and relevance to both psychologists and philosophers. Psychologists, neuroscientists, linguists, computer scientists, and biologists are encouraged to report experimental, theoretical and clinical work that they judge to have philosophical significance. Contributed papers are for oral presentation and should not exceed a length of 30 minutes (about 12 double-spaced pages). Papers must be accompanied by a camera-ready 300-word abstract. Deadline for submission is January 5, 1991. Send three copies to the Program Chair, Prof. Jerry Samet, Department of Philosophy, Brandeis University, Waltham, MA 02154. Symposium proposals should also be sent to the same address as soon as possible.

Local Arrangements: Prof. Kent Bach Department of Philosophy, San Francisco State University, San Francisco, CA 94132. Individuals interested in becoming members of the Society should send $15.00 membership dues ($5.00 for students) to Prof. Robert Van Gulick, Department of Philosophy, 541 HL, Syracuse University, Syracuse, NY 13244.
CALL FOR PAPERS/CONFERENCE ANNOUNCEMENT

The International Conference on the Learning Sciences
(formerly The International Conference on Artificial Intelligence and Education)
will be held
August 4-7, 1991
at Northwestern University

Leading authorities will present keynote addresses exploring new ideas and
tools to improve teaching and learning in all settings (schools, corporate
training programs, etc.). In addition, scholars in cognitive science, artificial
intelligence (AI), education, and psychology are invited to submit proposals
for papers. Areas of interest include, but are not limited to: cognitive devel-
opment, theories of teaching, applications of AI to educational software,
computational models of human learning, user models and student models,
innovative educational software, simulation as a teaching tool, and evalua-
tion of teaching strategies.

All presentations will be 20 minutes long and followed by a 10-minute dis-
cussion. Persons wishing to present a paper should submit (in English) 3
copies of a 300-word abstract accompanied by a cover letter. Cover letters
should include paper title, author(s), postal and e-mail addresses, and tele-
phone number and should be sent to the following address:

Professor Roger C. Schank
The Institute for the Learning Sciences
Northwestern University
1890 Maple Avenue
Evanston, Illinois 60201-3142 USA

Important dates:   Deadline for submission: January 4, 1991
                  Notification of acceptance: April 1, 1991

For further information, contact the Conference Director at the
above address, or call (708) 491-3500.
The Annual Meeting of the Cognitive Science Society is a multi-disciplinary conference aimed at bringing together researchers with interests related to the modeling of cognition in humans and machines. The 1991 meeting will be held at the University of Chicago, hosted by the Artificial Intelligence Laboratory of the Computer Science Department.

The deadline for paper and symposia submissions is March 1st, 1991. Papers should be printed on 8½ x 11 or A4 sized paper, double-spaced (i.e. no more than 28 lines per page), with ½” margins. Camera ready versions of papers will be required only after authors are notified of acceptance.

Papers should be a maximum of 5000 words, (about 16 pages double spaced), including figures, tables and diagrams.

Papers should be sent to: Cognitive Science 1991
Department of Computer Science
University of Chicago
1100 East 58th Street
Chicago, IL 60637

All questions and requests for more detailed information concerning the 1991 Meeting should be addressed to the program chairs:

Dr. Kristian Hammond
Department of Computer Science
University of Chicago
1100 East 58th Street
Chicago, IL 60637
(312) 702-0510

Dr. Dedre Gentner
Department of Psychology
Northwestern University
Evanston, IL 60201
