

Austrian Society for Cybernetic Studies
Congress Announcement
EMCSR 1996
13th European Meeting
on Cybernetics and Systems Research

April 9-12, 1996 at the University of Vienna, Austria

For call for papers and program contact the chairman:

Robert Trappl

Department of Med. Cybernetics and Artificial Intelligence

University of Vienna

Freyung 6/2

A-1010 VIENNA

Austria (Europe)

Phone: +43-1-53532810

Fax: +43-1-5320652

E-mail: sec@ai.univie.ac.at

The following sessions are planned:

- *General Systems Methodology*
- *New Developments in Mathematical Systems Theory*
- *Complex Systems Analysis and Design*
- *Fuzzy Systems, Approximate Reasoning and Knowledge-Based Systems*
- *Designing and Systems, and Their Education*
- *Humanity, Architecture and Conceptualization*
- *Biocybernetics and Mathematical Biology*
- *Cybernetics and Informatics in Medicine and Psychotherapy*
- *Cybernetics of Socio-Economic Systems and of Country Development*
- *Systems, Management and Organization*
- *Communication and Computers*
- *Theories and Metaphors of Cyberspace*
- *Artificial Neural Networks and Adaptive Systems*
- *Theory and Applications of Artificial Intelligence*
- *Knowledge Discovery in Databases*

More details on the conference are also available on WorldWide Web:
