

Announcement

26th Annual Cognitive Science Conference

August 5–7, 2004
Westin River North Hotel
Chicago, Illinois, USA

CogSci 2004 is the annual meeting of the premier society for cognitive science research. We encourage researchers from across the world to submit their best work and to attend CogSci 2004 to exchange the latest theories and data with the world's best cognitive science researchers. Submissions are welcome in all areas of cognitive science. In addition to this full range of topics, each year we highlight a particular aspect of the field. This year, we highlight *higher-order cognition*.

Plenary speakers include Doug Medin (Northwestern University), and Susan Goldin-Meadow (University of Chicago).

Winner of the Rumelhart prize for contributions to formal analysis of human cognition: John Anderson (Carnegie-Mellon University).

Submissions

Six-page papers. Refereed papers for publication in proceedings. These will be presented as talks or as posters. The Marr Prize for the best student paper will be selected from these submissions.

Symposia. Proposals for a complete 90-minute symposium on current research topics. Proposals should list participants and moderator, and include a one page summary of the topic.

Publication-based submission. Current research talk by researchers with a track record of publishing on their topic. Requires one page abstract plus list of relevant publications. See website for submission details.

Poster abstracts from members. Members may submit a 1-page abstract for a poster. Accepted posters will be presented at the conference, and abstracts will appear in the proceedings.

Submissions are due **February 11, 2004**, with the exception of poster abstract submissions, which are due **April 2, 2004**.

Tutorials: We invite submissions for one-day tutorials, to be given Wednesday, August 4 – the day before CogSci 2004 officially starts. Submission guidelines may be found on our website.

Conference chairs

Terry Regier, University of Chicago
Dedre Gentner, Northwestern University
Kenneth D. Forbus, Northwestern University
